

You Are Invited!

Please join the CT DEEP Division of Forestry for a guided walk of an area of Nipmuck State Forest that is scheduled for a timber harvest. Natural resource managers from DEEP will lead RSVP'd attendees on a tour of E-1109, an upcoming timber harvest operation being planned by DEEP. This management activity aims to increase structural diversity, improve wildlife habitat and promote vigorous and productive stands of trees. We will also discuss the specifics of the harvest planning process, forest growth, forest pests and their impacts, as well as steps that will be taken to protect the site while operations occur.

When: Monday, April 28th, 2025

Time: 3 PM

Where: Nipmuck State Forest, Carion Rd, Union, CT

Meet: End of Carion Road

RSVP (Required 48-hours prior): James Halleran

E-mail: james.halleran@ct.gov

Phone (Mobile): (475)213-0975
